

Four steps: one click: instant readout

With HANNA Checkers you can test and control the water quality with professional quality meters - but at affordable prices.

Accurate testing means greater water control and lower running costs. Traditionally, high precision equipment has been too costly for hobbyists and everyday use.

NOW HANNA Checkers offer the first reliable, affordable alternative.

Main Benefits

- Testing is quick and easy
- Results are more accurate than chemical test kits
- Auto shut-off feature means it can't be left on by mistake
- Fully portable and fits easily into both palm and pocket

Product Uses

Tropical aquariums

Koi ponds

Swimming pools

Coral tanks
